

# Millfield Surgery Newsletter

VOLUME 1, ISSUE 1

NEWSLETTER DATE: 01.10.2019

**Welcome to our first newsletter, helping to keep our patients up to date with developments in our surgery.**

Our Website: <http://www.millfieldsurgery.co.uk/>

## Meet The Staff

### Special points of interest:

**This is our first Millfield Newsletter, which we hope to carry on producing in order to keep our patients up to date and informed of important developments within the Surgery.**

### Dr Dariush Saeedi

The Millfield Surgery team are delighted to announce that Dr. Dariush Saeedi will become a Partner at the Practice from January 2020. Given that GP recruitment is nationally very difficult at present, we're thankful we now have a stable clinical team.

### Dr Matthew Carr

Welcome to Dr. Matthew Carr, who is our third GP Registrar. He will be working with us until early February 2020.

## Millfield Parkrun

### Parkrun Takeover 9<sup>th</sup> November 2019

We are very proud to be officially linked via the Royal College of General Practitioners as partners to the new and very popular parkrun that started in June on Millfield. You may have seen our certificate in the front window! On 9<sup>th</sup> November we are planning a 'takeover'. This means all the marshals and a number of other key volunteer positions for the run will be filled by Millfield surgery staff members both present and past! If you haven't heard of parkrun it is a free, weekly, timed 5k course every Saturday at 9am which can be run, jogged or walked at your own pace. A wonderful start to the weekend and a great way to get some physical activity, which we all know is so good for our physical and mental health. Please join us and show your support, perhaps you'll get the running bug!

## Dispensary News

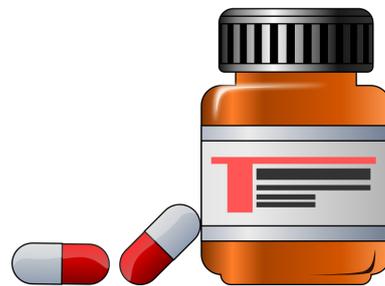

---

### Repeat Prescriptions for our Dispensing Patients

We recently reviewed our process for dispensing medication at the surgery and have revised our turnaround time for repeat medication requests. Please can you allow at least **3 full working days** for regular repeats to be processed instead of the previous two days' notice. This will allow us more time to get the prescription signed and address any supply queries with the prescription. Many thanks for your understanding.

## HYMS (Hull York Medical School) News

Many of you will have come across medical students whilst visiting the surgery.

We have been involved with fourth year students for over 10 years now. This year we are expanding to welcome first year students in addition. HYMS is proud of its patient focused course, which introduces the students to patients right from the first few weeks of the 5 year course.

I will be calling on volunteers with an odd hour to spend and an interesting story to tell to come in to help these brand new students, many of whom will be fresh from secondary school, to find the confidence to speak to patients for the first time. If you are interested in being involved please leave a message for me (Dr Helen Iredale) with reception and I will be in touch.

## Diary Dates

- Tuesday 15th October the Surgery will be closed in the afternoon for staff training.
- Our next Flu Clinic is Wednesday 16th October
